BOOKS & PUBLICATIONS: GENEALOGICAL MATERIALS Family genealogy or family history products and services needed for preparation, publication and distribution of compiled records, with related family materials. Evolutionary psychology is a theoretical approach in the social and natural sciences that examines psychological structure from a modern evolutionary perspective. It seeks to identify which human psychological traits are evolved adaptations – that is, the functional products of natural selection or sexual selection in human evolution. Adaptationist thinking about physiological mechanisms ...Databases. This is a collection of online resources with access restricted to the Campbell University community unless otherwise specified.
