Technical Metal was established in 1987 making us one of the most experienced and well-respected fastener manufacturers in the United Arab Emirates. Type: shipwreck, trawler This site is really just a jumble of machinery. Anything resembling a ship has long-since disappeared. Various clues around the site would seem to indicate a wooden-hulled trawler, probably built before the war ( WWII ) and sunk some time after. Explanation. A screw is a combination of simple machines—it is in essence an inclined plane wrapped around a central shaft, but the inclined plane (thread) also comes to a sharp edge around the outside, which acts a wedge as it pushes into the fastened material, and the shaft and helix also form a wedge in the form of the point. Some screw threads are designed to mate with a complementary ...CIA is the nation's premier agency providing global intelligence in an ever-changing political, social, economic, technological, & military landscapes.
