Our mission is to create food allergy awareness by promoting education, providing support to Members and keeping children safe everywhere. Since 1995 Celiac.com has provided information and support to those on a gluten-free diet due to celiac disease or other health reasons. We were the first site on the Internet dedicated to celiac disease. I really appreciated this- and I'm making Nancy an honorary CraftTestDummy! I do have to add the disclaimer that I didn't try this out myself, so any questions you might have please ask Nancy herself on her blog OR her YouTube Channel. ?
