The Department of Mental Health, Mental Retardation and Substance Abuse Services is responsible for the provision of services to children and adults who have or are at risk of mental illness, serious emotional disturbance, mental retardation, or substance use disorders. I often get visitors to the blog looking for goal writing tips. A recent commenter asked about writing sensory related goals. While this is not something I am an expert in, here is my approach.

Introduction. Advances in the management of mechanically ventilated patients have improved outcomes and survival rates for this patient population.^{1, 2, 3} As patients survive acute illness, long-term complications are more apparent. Weakness is a frequent complication and is associated with major disability and protracted rehabilitation.^{4, 5, 6} In addition to physical debility ...Join us for one of our Open Houses/Info Sessions!
