

Download Suicide An Essay On Comparative Moral Statistics

Using pooled, time-series data for a sample of 15 developed nations, we assess the effect of divorce rates on gender-specific suicide rates for youths aged 15 – 19 with models of relative cohort size, lagged nonmarital fertility, and an interaction term for divorce rates and nonmarital fertility. Suicide and Gender In almost all countries for which statistics are available, suicide is more frequent among men than women (see Tables 1 and 2), a trend that prevails in most age groups. Slow Death and Overdoses Many people wonder if the use of alcohol and drugs is a way of committing suicide by "slow death." Most persons who abuse these substances are taking them chiefly as a kind of self-medication to reduce their stress. The Holy Bible: King James Version. Psalms 98. for he hath done marvelous things: his right hand, and his holy arm, hath gotten him the victory.
