

Download The Licensing Exam Review Guide In Nursing Home Administration Fifth Edition

Nursing is a profession within the health care sector focused on the care of individuals, families, and communities so they may attain, maintain, or recover optimal health and quality of life. Nurses may be differentiated from other health care providers by their approach to patient care, training, and scope of practice. Nurses practice in many specialties with differing levels of prescription ...Menu Back to the Database Home A-to-Z List of Databases View Databases by Access Some patrons may have access to different databases depending on their school or program. Databases for Alumni More than 4,500 ebooks and many book collections, including archive collections of critical historical material, as well as publisher and topical collections. Medical and health services managers, also called healthcare executives or healthcare administrators, plan, direct, and coordinate medical and health services. They may manage an entire facility, a specific clinical area or department, or a medical practice for a group of physicians.
