Workplace Safety Signs or Industrial Warning Signs address a variety of problems by informing workers and visitors of potential dangers. Whether you work in a factory, warehouse, construction site, or hospital, you should always be aware of safety hazards at your workplace. Responding is Maree Mulvoy, president, M R Products Inc., home of Mr. Chain, Copemish, MI. Answer: Loading docks can be dangerous. About 25 percent of all reported warehouse injuries occur on loading docks, and for each incident hundreds of near misses occur.¹ Causes of dock injury include truck separation from the dock and falls from the dock – particularly when a forklift backs off the ... Warehouse job interviews are a mix of technical knowledge and behavioral interview techniques. If you've got experience in a modern warehouse, you'll know the employer has a lot to ask you about systems and working methods.
